

**Special Education Working Group  
Meeting #2 Summary  
April 20, 2016**

**Key Points of Discussion:**

- The group set goals for June:
  1. By June the group will have reviewed the program guide and the parent handbook from OUSD and anything from charter side to see what they can actually get out to families. This may include information around process – taking a parent from beginning to the end
  2. The group will recommend that there is a data collection from charter schools around special education and will have thought through what kind of data needs to be collected
  3. The group will come to the OUSD board with a timeline and a recommendation for continued work
- Through Oakland Equity Pledge, part of the agreement will be to see if the charter sector will agree to participate in the program guide and agree to data collection
- Sheilagh presented the OUSD Programs for Exceptional Children Strategic Plan
