

**Enrollment Working Group  
Meeting #2 Summary  
April 18, 2016**

**Key Points of Discussion:**

- Equity is not just equity of access to services and opportunity, but it starts with equity in access to information and access to a clear timeline.
- The group reviewed the District's Strategic Regional Analysis to learn about and discuss available data. Charles Wilson also presented the OUSD Enrollment Improvement Plan.
- WG members spent time trying to define the overall goals of this working group. The group is not just meeting to come up with 2 or 3 sentences in a pledge, the group is envisioning and improved lived experience for families with regards to enrollment.
- Outreach and awareness building is really important to help families navigate the enrollment process.
