

**Facilities Working Group
Meeting #2 Summary
April 29, 2016**

Key Points of Discussion:

- Review of goals for the group and refinement of short-term actions:
 - Build relationships – between charter and district leaders, as well as within the charter sector
 - Review current protocols to determine how they can be strengthened
 - Understand and inform education leaders and community on the complex process of prop 39
- Need to get input from district and charter stakeholders to understand needs, perspectives, pain points, and potential solutions e.g., survey and focus groups, accessing existing data
- Explore innovative models and strategies that can help solve the current facilities crunch (longer-term priority)
- Explore how to create a mechanism and structure for district-charter to do more collaborative master planning
