

Quality School Development Working Group
Meeting #2
May 4, 2016

Key Points of Discussion

- There is interest to define the role charter school operators can play in the quality school transformation process and to empower parents to be advocates for their children
- There is interest to help shape what the charter engagement will look like, draft the process, create an outline for parent engagement, and capture perspectives/support of CBOs, working towards a launch in 2018.
- There is interest to coordinate efforts with other working groups; i.e. Special Education, Facilities, and Enrollment
- There is interest to articulate a framework showing the stages of collaboration between the district/charter schools around QSD
- The QSD working group intends to engage with the following stakeholders:
 - OCO
 - PLAN
 - GO
 - EBAYC
 - Big Picture
 - Envision Academy
 - Various charter leaders
