

**Performance Working Group
Meeting #3 Summary
June 3, 2016**

Key Points of Discussion:

- The group discussed strategies around engaging the charter sector on a common school performance framework, including:
 - Developing a frame to share the purposes of a common performance framework:
 - Continuous school improvement
 - Public facing tool for families and community members to access information on state of Oakland quality schools
 - Knowledge sharing and relationship building across sectors
 - Accountability
- Questions for initial engagements:
 - Overview of purpose, process and structure of SPF
 - How do you see the uses of a common framework?
 - What pain points can you identify?
 - What data do you currently use?
- Potential focus of engagements (rounds)
 - Rounds 1: initial engagement
 - Rounds 2: family engagement
 - Rounds 3: indicators metrics dive
- By next meeting, members of the team will work to populate a heat-mapping tool to assess metrics against capacity and availability across charters.
- An overview of progress will be reported to OUSD Board on 6/22.
